## BEAUVOIR CLUBS BRILLIANT RECEPTION

### Notable for Its Beauty and Hospitality.

The most brilliant reception in the history of the Beauvoir Club was the one at which the members entertained last evening at their home on Perry street when their hospitality was extended to the ladies of their families and lady friends, and the invitation to meet, and to greet, was accepted by a large number.

The entire two floors were thrown open for the occasion and elaborately decorated in Southern smilax and cut flowers, in American beauty roses, carnations and roses. The hall was in red with the accompanying green and carnations were the flowers used in tasteful arrangement.

Two of the three connecting drawing rooms on the left were in white and green and splendid brides roses were used in the center of the table. The three punch tables were placed. On each was a tall vase filled with gorgeous American beauties about which on the white linen was traced delicate lines of hot house smilax. The champagne punch was served by Mrs. R. F. Ligon, who wore an elegant imported gown of white pompadour silk and lace with rich trimmings of chiffon and embroidered pink roses. Mrs. Phares Coleman in white silk and lace, Mrs. J. L. Taylor in blue crepe de chine and lace with waist of black, and Mrs. W. M. Wilkerson who wore a dainty creation of white silk with yellow trimmings.

The two apartments on the right of the spacious hall were in a scheme of pink with green and the flowers used in the front one were La France roses, a rose of which formed the center piece on the table which was arranged for refreshments. On the table and mantels in the second room were pink carnations in profusion.

On the second floor the ball room, where throughout the evening dancing was enjoyed, the floral decorations were beautiful and elaborate.

An evening of rare pleasure was enjoyed by the members of the Beauvoir Club and their lady friends, and this opening reception will be remembered as an important number on the season's program of social pleasures.

The members of the Beauvoir Club for this season are:

### WOMEN MISSIONARIES.

#### Their Preponderance Over Men in the Dangerous Fields.

Boston Advertiser.  
The disturbances in the East are not held to be sufficiently serious to call home our missionaries who have stations in Japan or in China, near the Russian frontier. The women missionaries are married, absolutely refuse to leave their work, and the men, who are in the minority, naturally remain with them. Our missionary societies cannot explain satisfactorily, even to themselves, why they send more young women than young men to convert the heathen people and lesser breeds without the law. It is not officially stated that the women are more successful than men, but they predominate, exceeding the men in numbers twofold.

In the Orient, including Japan and China, our missionary delegation is as follows: Japan, men, 22; married women, 21; unmarried women, 25; China, men, 25; married women, 23; unmarried women, 30. With little protection, none save that of their sex and the few men in their colony, the women missionaries are the most persistent in an arduous and the most faithful. They are last to leave in time of danger, and they are so thoroughly absorbed in their work that they oftentimes prefer death in the cause of religion to an abandonment of the purpose which has called them forth from home comforts in their native land. Most of them are college girls, who, with every chance for advancement in the place of their birth, have taken up the conversion of savage people with a zeal which makes religious devotion unsurpassed.

In such crises as the present between Russia and Japan the missionaries, women and men, are a mighty factor for peace. They wield a tremendous influence over an uncivilized people. And when this influence is submitted to the test the missionary always tries to employ it in a Christian way. In Russia, north and south, east and west, no missionary is allowed, but at the present time, when Japan is eager to try conclusions with the

### FALL COLDS.

#### DANGEROUS BECAUSE HARD TO CURE.

An Offer to the People of Montgomery from Our Well Known Druggist, E. G. Fowler.

Our well-known druggist, E. G. Fowler, claims to cure fast colds and coughs, and if it fails he will refund your money. The remedy is Vinol, and we have heard such wonderful results from it that we advise every person in Montgomery who is suffering from a cold or cough to try it on his guarantee.

A hard cold and hacking cough may be the means of undermining your constitution and terminating in consumption, Cough Syrup, while the greater number allay the symptoms of coughing, owing to the opiates they contain, upset the stomach and do not cure the cause, old-fashioned cod liver oil and emulsions are so nauseating that few can take them.

Vinol is delicious to take and contains all the active curative principles of cod liver oil in a highly concentrated form, and it is, therefore, the greatest remedy known, for coughs, colds and bronchial troubles.

You would not eat an egg shell and all for the same reason you should not take old-fashioned cod liver oil or emulsion, just to get the medicinal curative elements which they contain.

The Vinol manufacturers separate them for you, throw away the useless oil and give you in a delicious concentrated form all the building and life giving elements which are to be found in fresh cod fish. That is what gives Vinol its wonderful power to cure Coughs, Colds and all throat and lung troubles and makes it the greatest lung reconstructer known to medicine. E. G. Fowler, Druggist.

great northern empire, it is only the missionary spirit which can prevent another great war. If hostilities are averted it will be the Mikado and his ministers who will receive the credit; the Christian missionaries in the background will know that it is they who have wrought to prevent the shedding of blood.

### SURRENDER BY SCHWAB.

#### Allege That He Will Acknowledge His Defeat.

New York, Nov. 18.--The World tomorrow will say that it has verified the report that negotiations are in progress for a settlement of the United States Shipbuilding Company controversy, and that a settlement was virtually reached today. The terms of the settlement, as stated by The World, are as follows: First--That William B. Guthrie, counsel for Charles M. Schwab; Max Pam and the Shipbuilding Company, will confess judgment in the case. Second--That the legal fees and other expenses attendant upon the enormous amount of litigation which the complaining first mortgage bondholders were put to, will be paid by the Schwab party. These expenses are said to amount to perhaps \$150,000. Third--That the holdings of the complaining bondholders who wish to sell their bonds will be purchased on a basis of 90 cents. These bonds have recently sold in the market at 84.

### FRIEST IN A DUEL.

#### Father Lepore and Another Man Fight Over Card Game.

Denver, Colo., Nov. 18.--Rev. Felix M. Lepore, pastor of the Mount Carmel Catholic Church, and another Italian named Joesorey, were fatally wounded tonight in a duel supposed to have arisen over a card game they were playing in the priest's apartments in the church building. Father Lepore was shot twice in the abdomen and once in the face, and Joesorey was shot once in the abdomen.

There seems to have been no eye-witnesses to the affair, and all those who were near the shooting, both men were taken to a hospital, where, it is said, they cannot recover. No statement has been secured from the men.

### Cures of Consumption.

Moscow, Nov. 18.--Remarkable cures of consumption have been recently effected in Russia by Ksatar Grigorovich, formerly a mining engineer and now specially licensed by the Russian medical department to practice medicine in cases of tuberculosis. Grigorovich discovered the cure in Siberia. His treatment consisted merely in the drinking of his specific in small quantities, together with life in the open air and the observance of a careful dietary.

### Two Children Trampled to Death.

Atlanta, Ga., Nov. 18.--In a panic in the Roman Catholic church at La Puente, Arriba County, caused by a wax tape setting fire to the altar trimmings, two children were trampled to death and fifty adults were hurt. Their ribs and ankles were broken and they were otherwise injured. Father Juvenau, the priest, remained at the burning altar and succeeded in allaying the panic after the first rush.

### Inmates of Poor House Cremated.

Chicago, Nov. 18.--A special to The Construction from Tryon, N. C., says a telephone message from Columbus this afternoon brings the intelligence that the county poor house of this body county was burned last night and that four or five inmates perished in the fire.
